MEMORANDUM

TO: District Patrons, Insurance Service Providers

FROM: Thomas P. Garcia, Fire Chief

SUBJECT: Change in Public Protection Classification

Following months of hard work on the part of District staff, and the completion of a Public Protection Classification (PPC) survey by the Insurance Services Office (ISO), Inc., the Shawnee Heights Fire District has received an insurance reclassification.

Effective September 1, 2007 the new classification for the District is a Class 4/10. Properties located within 5-road miles of the recognized, responding fire station and with a needed fire flow of 3,500 gpm or less are eligible for a Class 4. Properties located over 5-road miles from the recognized, responding fire stations are classified as a Class 10.

Property owners are encouraged to contact their respective insurance service providers to discuss how this change may reduce their fire protection insurance premiums.
